

REGENUS CENTER

EXPERIENCE THE WHOLE BODY HEALING BENEFITS LIKE NEVER BEFORE

Photobiomodulation reduces inflammation and pain, energizes, detoxifies and feeds the cells. By changing the cells in the body, the benefits cascade down into nearly every tissue, organ and system in the body.

BENEFITS OF NEAR-INFRARED & RED LIGHT THERAPY AKA PBMT

- ✓ Reduce Inflammation
- ✓ Increases Athletic Performance
- ✓ Improves Cognitive Function
- ✓ Makes Skin Healthier
- ✓ Reduces Cellular Toxicity

Why Choose PBMT

PBMT has been reported as a noninvasive, noncarcinogenic, nontraumatic procedure that can provide a therapeutic benefit to many diseases and medical conditions, with few side effects. When individual cells get better, the entire body gets healthier

RE-IMAGINE WORKPLACE HEALTH AND PERFORMANCE

A more mentally and physically prepared workforce is a competitive advantage. Teams that do proactive recovery regularly improve their resilience in the workforce.

Trusted by World Leaders and World Champions

Benefits for BUSINESS

REDUCE LOW-GRADE INFLAMMATION AND FATIGUE

(PBM) "photo bio modulation" – changing the body with light—uses natural photochemical processes in our bodies to promote cell growth and reduce inflammation and associated pain, all without the harmful side effects of using drugs.

INCREASE WELLBEING

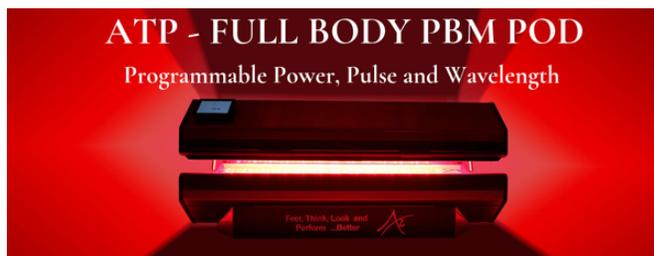

There are 5 Elements of well-being —physical, career, financial, social, and community; and physical is first, starting with energy. A vital body is a foundation.

BETTER HAPPIER, HEALTHIER PERFORMANCE CULTURE

Today it's all about performing "well," but to keep a workforce feeling good, people can't be tired all the time and need to recharge their bodies during the day for extended peak hours.

Why choose ATP- FULL BODY PBM POD

PBMt has been reported as a noninvasive, noncarcinogenic, nontraumatic procedure that can provide a therapeutic benefit to many diseases and medical conditions with few side effects. When individual cells get better, the entire body gets healthier.

ATP (PBM) Charging Station Delivers Results**

**based on four years of experience with Regenus Center clientele

HEALING POWER OF LIGHT

4000+ clinical trials, 500+ RCT's, and 20+ years of results confirm that Photobiomodulation therapy (red near-infrared light) can help people feel, think, look and perform better.

**15-minutes a day can change
the way you and your team performs.**

About

REGENUS CENTER™ EXPRESS

Regenus Center Express is an off-shoot of our established retail brand, REGENUS CENTER. It is located in East Hanover, NJ, where we serve hundreds of wellness-committed clients who want to restore their energy levels, reduce pain and inflammation, and regain their health back.

Now we are bringing the same biohacking science-backed tools to your workforce so you and your team can get stronger and fitter from the inside out through Regenus Center™Express.

Why add

REGENUS CENTER™ EXPRESS

- Low labor and maintenance costs
- There are minimal investment and set up-cost to turn any unused available space into a proactive recovery zone.
- No special licensing or certification needed to operate
- Accelerated return on investment (ROI) for your business when your employees are healthier and performing at high levels without burning out.
